

Mid-Atlantic Industrial Services corp.

Project: Morris Animal Inn

Location: Morristown, NJ

Flooring System: Decorative Color Quartz

Type of Area: 18,500 sf facility expansion of a “state of the art” facility that not only lodges pets but also provides services that include room service, maid service, full spectrum lighting, skylights, soothing music and clean, comfortable climate-controlled surroundings. This is an elite facility that also includes a large pool to provide physical training or just swimming for the pets.

Results: We prepared the concrete surfaces and applied a 1/8” thick Quartzite decorative floor throughout this facility including the cage areas, dog runs, pool area, etc.
